Commentary

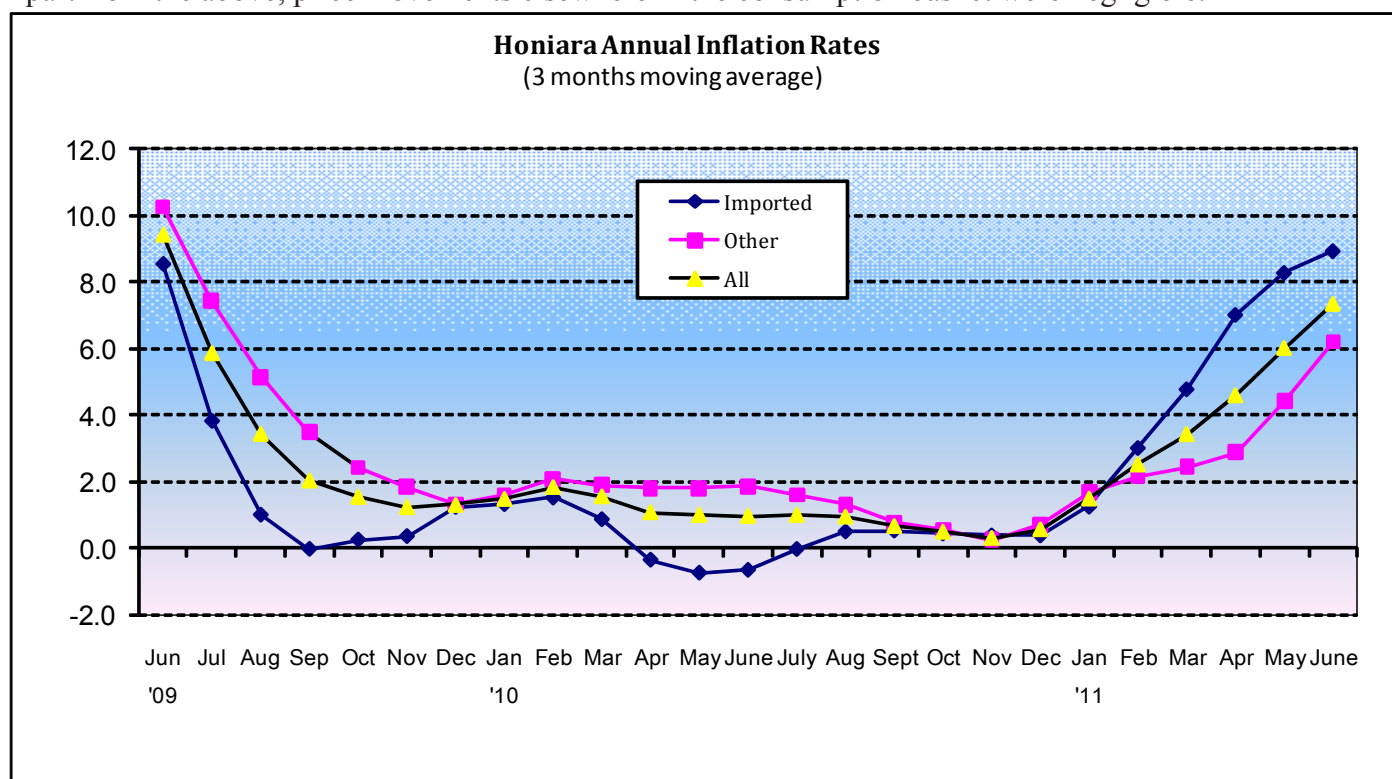

The Honiara Consumers Price Index for June fell 0.4% from 159.2 in May to 158.7. This was largely driven by declines in the prices of fresh fruit and vegetables at the Honiara market.

The domestic Food sub-index (Table.3) dropped 1.4% to 154.9 on account of declines in the prices of fresh fruit & vegetables at the Honiara market notably, tomatoes which fell 26.6% to \$18.67/kg, spring-onions dropped by 21.5% to \$16.94/kg, chinese-cabbage declined 14.3% to \$11.57/kg and cooking bananas dropped by 2.4% to \$6.24/Kg. These have outweighed price increases in other food items such as; coral fish which rose 4.7% to \$36.43/kg, bush cabbage up by 4.2% to \$7.90/Kg, kumara up by 2.4% to \$3.36/Kg and Corned Beef increased 0.8% to result in a 0.8% decline in the overall Food sub-index.

Changes in other sub-indexes are as follows:-

- Drinks & Tobacco fell 0.4%, on account of a 4.7% decline in the price cigarettes (from \$21.40 to \$20.40/pack of 25 rolls) which outweighed a 2.8% rise in the price of betel-nut.
- Clothing & Footwear slightly rose 0.1% due to a 2.3% increase in the price of bath towels.
- Household Operations was marginally up 0.1% on account of a 2.3% rise in the price of dry cell batteries.

Apart from the above, price movements elsewhere in the consumption basket were negligible.

The annual inflation rate to June 2011 calculated on a 3 months moving average basis was 7.3%, up 1.3 percentage points from 6.0% in May. The inflation rates for imported and other items were 9.0% and 6.2% respectively.
