ABOUT THE BULLETIN

Concepts and Definitions

Persons entering Solomon Islands classify themselves into three (3) categories; returning resident, intending resident, and visitor. The concepts and definitions of the various categories are as follows:

(i) Returning residents

- Solomon Islanders and non-Solomon Islanders who have left the country and are returning to continue their residence.
- Non Solomon Islanders includes resident permit holders and Diplomatic officials, and their immediate family members. This also includes persons residing for 12 months or more or under specialized legal or official arrangements.

(ii) Intending residents

- Non-Solomon Islander who wish to take up residence in Solomon Islands.

(iii) Visitors

- Any traveler who is not a Solomon Islander and their stay and intention of stay should last no more than 12 months¹, in the country and does not have a permanent/contract employment.
- *Tourist*
 - Visitors who state their purpose of travel as being for ‘*holiday and vacation*’ and ‘*transit*’.
 - Visitors who are transiting (with on-ward final destination) and have stated their purpose of travel as being for ‘*holiday and vacation*’ are treated as transit-tourists, and classified broadly as tourists. This includes limited number of visitors who are simply transiting for other purposes. The latter is subject to review as NSO continues to progressively align its definitions and concepts to meet changing regional and international standards.
 - Spouse/partner accompanying husband/wife/partner on business purpose is treated as a private tourist unless the person is also engaged in a similar or related work-activity remunerated within the place visited.
 - In line with World Tourism Organization WTO definition of Tourism:
It comprises the activities of persons travelling to and staying in places outside their usual environment for not more than one consecutive year where pleasure is being the predominant motivation.

(iv) Markets

- Country of Usual Residence is referred to as ‘markets’ by the Solomon Islands Visitors Bureau.

Note: There may be some variations in the total number of visitor arrivals reported by the National Disaster Office/Ministry of Health under the government’s State of Public Emergency response on COVID-19 pandemic and the NSO. However, the NSO will continue to adhere to its data collection process and dissemination of the results.

Note: For Quarter 1, 2018 onwards the National Statistics Office will be using the new set of definitions provided by the South Pacific Tourism Organization (SPTO).

Other users may use the information for research.</p> <ul style="list-style-type: none"> • The data is coded using the United Nations Country Classification and the Pacific Standard Classification of Occupations. • The data does not cover cruise ship arrivals and yacht arrivals. It also does not cover the monetary value of the industry as this information is not available. • Data prior to 2006 were not available from the data source due to civil unrest period 1998 to 2003. |
